## Product Status and Warehouse Notes

### *Active warehouse network*

| Warehouse code | Location | Primary catalog functions |

|---|---|---|

| WH-NL02 | Venlo, Netherlands | High-volume luggage, backpacks, duffel bags, and general accessories |

| WH-CZ01 | Prague, Czech Republic | Handbags, business bags, school bags, and selected suitcases |

| WH-FR03 | Lyon, France | Outdoor backpacks, sports bags, camera bags, and travel accessories |

### *Catalog handling notes*

- Product availability is recorded at catalog review time and may change during daily order allocation.
- “Low stock” refers to network stock below the standard replenishment threshold, not necessarily zero stock at the listed warehouse.
- Suitcase dimensions are external dimensions including wheels and handles where applicable.
- Capacity figures are approximate and may vary according to shell construction, expansion gussets, and packing method.
- Cabin baggage suitability is not universal across airlines. Product dimensions should be checked against the operating carrier's current allowance.
- Discontinued products must not be included in automatic replenishment purchase orders.
- Clearance products remain orderable only while sellable warehouse inventory is available.
