Product Classification Rules

All products in this catalog are assigned to the **Bathroom Accessories** category. The category includes non-permanent bathroom equipment and accessory items used for:

- Shower and bath storage
- Soap, lotion and liquid dispenser storage
- Toothbrush and tumbler storage
- Toilet roll handling and storage
- Toilet brushes
- Bathroom waste bins
- Cosmetic and shaving mirrors
- Bath and shower mats
- Towel hooks, rails and freestanding towel storage
- Bathroom shelving and small cabinets
- Laundry and utility accessories intended for bathroom use
- Bathroom cleaning tools
- Accessibility and safety accessories
- Coordinated bathroom accessory sets
- Replacement components for bathroom accessories

The catalog does not include sanitaryware, taps, showers, bathtubs, toilets, bathroom furniture sold as fitted units, electrical bathroom appliances outside the accessory range, cosmetics or cleaning chemicals.

Stock Handling

- Items marked **In stock** can normally be allocated to customer orders immediately, subject to order cut-off times and warehouse holds.
- Items marked **Limited stock** require stock confirmation when an order exceeds five units.
- Items marked **Discontinued** must not be included in automated replenishment proposals.
- Replacement components should be checked against the parent SKU before being offered as compatible.
- Wall-mounted products must be supplied with installation guidance. Included fixings are generally intended for masonry and may not be suitable for plasterboard, hollow brick or tiled wet-room systems.
- Electrical items, including BA-AF-1905, require the applicable installation and safety instructions to remain with the product.

Price and Review Notes

Prices shown are current catalog prices following the August 2026 review. Prices may be revised by the commercial team following supplier changes, freight adjustments, VAT changes or clearance decisions. Warehouse assignments indicate the primary stocking location and do not guarantee that every listed unit is physically available there at the time of order processing.
