Page 24 of 15 — Catalog Control Notes

Product handling notes

- Candles must be stored upright in a dry area away from direct sunlight and heat sources.
- Scented liquids, room sprays and essential oils must remain sealed during storage.
- Fragrance products must not be stored in the same outer cartons as food, supplements or personal-care liquids.
- Products containing glass vessels require “fragile” handling during inter-warehouse transfers.
- Seasonal products are replenished according to forecasted demand and may be removed from active listings after the season.
- Discontinued products must not be included in replenishment orders.
- Warehouse quantities are maintained in the IronStore inventory system and are not represented by this catalog.

Standard customer-service classification
