Product Status Notes

- Products marked **Discontinued** are retained in the internal catalog for historical order, support and replacement-reference purposes.
- Discontinued items are not available for new customer orders unless specifically noted by the Inventory Operations team.
- Warehouse locations identify the primary fulfilment node. Stock may be transferred between IronStore warehouses without changing the product SKU.
- Cleaning products must be stored according to the handling and safety information supplied with each item. Do not combine chlorine-based, acidic or alkaline products unless the manufacturer explicitly permits such use.
