Warehouse and Allocation Reference

| Warehouse | Country | Primary catalog functions |

|---|---|---|

| Tilburg | Netherlands | General computer accessories, cables, keyboards and small peripherals |

| Venlo | Netherlands | Hubs, docks, storage accessories and connectivity products |

| Dortmund | Germany | Business peripherals, headsets, printers and ergonomic accessories |

| Prague | Czech Republic | Specialist peripherals, gaming products and network hardware |

Ordering notes

- Product availability is recorded at the time of catalog review in **August 2026** and may change during the sales day.
- “In stock” does not guarantee allocation of a specific colour, country keyboard layout or regional bundle unless stated in the product record.
- Country-specific keyboard layouts must be verified against the order line before dispatch.
- USB-C functionality varies by host device. Charging, display output and data transfer require the relevant protocol support on both connected devices.
- Monitor mounts must be checked against the display’s VESA pattern and actual weight before allocation.
- Warranty handling follows the applicable IronStore supplier agreement and European consumer-protection requirements.
- Discontinued products may remain visible in historical orders, service records and replacement recommendations but cannot normally be replenished.
