Product Data and Handling Notes

- All products in this catalog are assigned to **DIY & Hardware Tools** and should not be cross-listed as electrical appliances, automotive parts or garden equipment unless the product record contains an additional approved category.
- Cordless products marked “**supplied without battery or charger**” belong to a battery-platform system and should be checked for platform compatibility before order allocation.
- Warehouse locations identify the primary fulfilment stock position. Stock may be transferred between IronStore facilities after order placement.
- Prices are catalogue prices at the August 2026 review date. Promotional prices, marketplace prices and business-account contract prices are maintained separately.
- Discontinued products must not be included in replenishment forecasts. Customer-service teams should offer the remaining stock only where the product status permits order allocation.
- Product dimensions, weights and package contents should be verified against the current supplier packing record before creating a new fulfilment listing.
