Catalog Operations Reference

Active-category coverage

The August 2026 Musical Instruments range includes active inventory in the following subcategories:

- Acoustic guitars
- Classical guitars
- Electric guitars

- Bass guitars
- Guitar amplifiers
- Bass amplifiers
- Digital pianos
- Portable keyboards
- Workstation keyboards
- MIDI keyboards
- Synthesizers
- Acoustic drum kits
- Electronic drum kits
- Hand percussion
- Tuned percussion
- Brass instruments
- Flutes
- Clarinets
- Saxophones
- Violins
- Cellos
- Ukuleles
- Harmonicas

Allocation and handling notes

- Large acoustic drum kits, cellos, and cabinet-style pianos require oversize-carrier booking before dispatch.
- Digital pianos should remain upright during storage and transport. Pallet packaging is required for cabinet-style units.
- String instruments are stored in humidity-monitored areas where available. Returns should be inspected for bridge movement, open seams, and neck condition.
- Woodwind instruments must be checked for key alignment, pad seating, and case contents before resale.
- Discontinued SKUs are retained for customer-service, warranty, and replacement-product mapping only.
- Stock counts are operational snapshots and may change after reservation, return processing, or supplier confirmation.
