Inventory and Handling Notes

- All ski and snowboard bindings must be checked for boot compatibility before dispatch.
- Binding mounting and DIN adjustment are not included unless separately listed in the order service configuration.
- Helmets and goggles are classified as personal protective equipment and should not be resold after confirmed customer use.
- Avalanche transceivers are shipped with batteries removed where required by carrier restrictions.
- Product dimensions and weights are nominal catalog values; packaging dimensions may differ.
- Discontinued products may remain available for clearance sale until the listed residual stock is exhausted.
- Warehouse transfers require inventory control approval and must retain the original SKU and batch reference.
